

Dear Valued Customer

August 2020

IAI America Inc.
Sales Division

Notice for Discontinuation of FS Series

Thank you for your continued support of IAI Corporation.

We appreciate your loyal patronage towards the FS series over the years.

Unfortunately, we decided to discontinue the FS series since it is difficult to maintain the die, etc., and the order quantity has decreased lately.

We will discontinue the production in August 2021.

We apologize for any inconvenience that this may cause you, and we are appreciative of your understanding in this matter.

Best Regards

Details

1. Applicable Models: All models of FS series (with motor equipped with Tamagawa encoder)
* The models with DC motor, motor equipped with HP encoder and motor equipped with NEMICON encoder were already discontinued.
2. Reason of Discontinuation: FS series was released in 1991. The base design has not changed since the release. The order quantity has decreased lately, which makes it difficult to maintain the equipment including the die. Accordingly, we decided to discontinue the production.
3. Order Cutoff Date: August 31, 2021
4. End of Service Period: August 31, 2031
Only the motor equipped with Tamagawa encoder can be repaired. However, we may stop servicing once we are out of the parts in stock for the discontinued products prior to the end of service period.

5. Successor Model

(Note) IF series that has the same belt drive type as FS series is the successor model.
However, the main body dimension and performance are different. Please refer to the catalog.

Discontinued product	Alternative product	Remarks
FS-NM-60	IF-SA-60	The main body dimension and performance are different
FS-NM-100	IF-SA-100	
FS-NO	No applicable model
